SET #3

RECORDS INTEGRATION DIVISION

REPORT OF LONG RANGE SPACE AND EQUIPMENT REQUIREMENTS

25 February 1966

1. (a) Manpower Limitations - A 10% increase over present ceiling anticipated or a total of [REDACTED] 25X9
- (b) Functional Relationship - The mission of the Records Integration Division is designed to operate more efficiently if all Branches, Sections and Units are physically located adjacent to one another.
- (c) State of the Art - Extensive changes in the [REDACTED] are currently on the drawing boards. These changes involve not only equipment changes, but also physical relocations of other sections and extensive building modifications to existing facilities within RID. Additional space in the amount of three thousand (3000) square feet is necessary for this change by 1968. Approximately one-half of this amount has already been provided RID.
- (d) Change in Function or Mission - No basic changes in function or mission are anticipated.

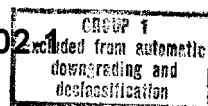

25X1A

2. Required space through the 1975 - 1980 period over and above that described in paragraph 1 (c) should not exceed 10% of RID's current space allotment. Equipment changes will occur as better and more sophisticated equipment becomes available. These equipment changes are expected to be accommodated within RID's projected space requirements.
